

SPS - ARCHITECTURAL DIVISION

## Hollow Metal Doors & Frames • Wood Doors • Hardware

- Hollow metal doors and frames. Sidelite and transom units (top left) are fabricated in our shop as well as borrowed lites.
- Architectural wood doors. Birch and Oak are in stock with any other veneers available in 2-4 weeks.
- Builders hardware. Complete line of commercial door hardware in stock including lever locks, hinges, door closers, exit devices, electric strikes, thresholds, weatherstripping, etc.
- All hollow metal doors and frames are stocked in fire rated and non rated.
- Installation of all of our products is available.
- We will be glad to provide you a quote on your next project and we hope to become your door and hardware supplier. You can call, fax, email us or we will come to your office or job site and do a take-off.
- We ship nation-wide and export.
